Sir,

In connection with your referred above letter, it is hereby certified that the Hygiene, Sanitation and Water Supply of the CBSE affiliated Kamalpur Government English Medium HS School is up to the satisfactory level as is revealed during spot inspection and found good enough for extension of CBSE affiliation for five(05) more years.

Two(02) sanitation workers are already deployed in the school and they are rendering their service quite efficiently.

Therefore, there is no problem from this part if the Kamalpur Government English Medium HS School attains the extended CBSE affiliation for five(05) more years.

Yours faithfully,
